## SUMMARY

Creative and detail-oriented front-end developer with 2+ years of hands-on experience building responsive, user-friendly, and high-performance websites. Skilled in translating ideas, wireframes, and designs into functional, visually appealing interfaces using modern web tools and principles of accessibility, SEO, and performance optimization. Passionate about delivering exceptional user experiences and clean, maintainable code.

## EXPERIENCE

### Web Designer & Developer
**Local**                                                                 **May 2025 – May 2025, Local**

· Recreated complex website layouts by translating visual designs into responsive HTML, CSS, and JavaScript, then architected backend functionality using Express and Node.js with MongoDB integration, followed by end-to-end deployment on a standalone server environment.
· Refined user interfaces by implementing accessibility standards and responsive design principles, ensuring optimized functionality and visual consistency across multiple devices and platforms.

## EDUCATION

### Intermediate
Minor in Computer Science · Local Board · Sahiwal · 2023
